

The Center for Government specializes in using the Innovator to facilitate interactive and effective group decision-making. Our Innovator toolkit and proven facilitation methods:

- Give participants a voice in the process;
- Display real-time feedback, including Opportunity Maps, for all to see; and
- Better-enable meaningful dialogue on key issues.

Example: Opportunity Map based on Importance and Performance to Date

The Result: Decisions are data-driven and participants have greater buy-in to the outcomes.

The Center for Government’s capabilities with the Innovator include:

- *Strategic Plan Development*
- *Strategic Visioning and Focusing*
- *Project Planning*
- *Focus Group and Survey Management*
- *SWOT (Strengths, Weaknesses, Opportunities and Threats) Analysis*
- *Action Planning and Performance Measurement*
